Dear Charles,

Attached is the draft of the leaflet  
for Ustiben 4, 8 April.

This was requested by Andrew, who  
is getting it printed (as you'll know)

It wasn't made very clear as to whether this  
text would be credited to the GC or the TLRC.  
But I understand that will be decided by the  
TLRC committee - and any changes deemed  
necessary made to it.

I think it is excellent that we've got THREE  
events for 8 April this year, rally,  
football tournament and book-launch/film show.

Should mean biggest number of people yet  
participating!

re: CHELMSFORD

The police seem to be dragging their feet over the investigation I insisted on.

One trailer, originally thought burned, has been recovered (and the police are looking at this as "deception").

As to the mobile-home seen on TV going up in flames, they haven't even taken a statement from the owner yet. But have taken one from Constant people saying the Travellers set fire to it!

It would help to get things back on track if you would put in a formal complaint re the racial abuse you got that day.

The issue of a "racial incident", although put in initially by Chief Supt Julia Jeapes, has apparantly been quietly forgotten (that's my impression).

You can complain in writing or by phone:

The case ref number is: CC12T/0170314

and the person in charge is Ds Barham

Phone: 01245 491212

Police Station, New Street, Chelmsford CM1 1NF

I've been nearly overwhelmed with the aftermath of the eviction on 26 Jan (investigation, claims for damages, claims for housing etc) so would appreciate

any input you can have.

At the last GC meeting, you spoke of a complaint procedure that could be followed up against Chelmsford. Can this now be done?  
(I'll supply details where necessary).

We need to keep the pressure on here to deter a repetition elsewhere - which could happen anytime.

Grattan
